

## Product Comparison

### Grasso Waterproofing Paste \$13.95

**Overall Score: 8.0**

Ease Of Use ●●○○○  
 Appearance ●●○○○  
 Ingredients ●●●○○  
 pH n/a ●○○○○  
 Size: 5 oz. paste  
 Claims: Protects, softens and deeply moisturizes leather. Contains lanolin oil.  
 Comments: Very thick, greasy paste is difficult to apply. Waterproofing ability will likely clog pores in leather. It's also expensive.  
 Contact: www.urad.com, (800) 364-2744

### Harness Honey Leather Conditioner \$10.95

**Overall Score: 10.0**

Ease Of Use ●●●○○  
 Appearance ●●●○○  
 Ingredients ●●●○○  
 pH n/a ●○○○○  
 Size: 16 oz. liquid  
 Claims: Water-repellent, and leaves no oily residue.  
 Comments: Thick liquid is somewhat hard to apply but absorbs better than expected. Water-repellency claims raise concern over clogging of pores.  
 Contact: www.carousel-farm.com, (800) 715-1151

### Meguiar's Gold Class Cleaner & Conditioner \$5.99

**Overall Score: 16.0**

Ease Of Use ●●●●○  
 Appearance ●●●●●  
 Ingredients ●●●●○  
 pH 8.2 ●●●○○  
 Size: 14 oz. liquid  
 Claims: Mild cleaners with no stripping, pH balanced.  
 Comments: pH was not as neutral as others labeled pH neutral. Also available as a spray.  
 Contact: www.meguiars.com (800) 347-5700

### Montana Pitch-Blend Oil \$5.95

**Overall Score: 10.0**

Ease Of Use ●●●○○  
 Appearance ●●●○○  
 Ingredients ●●●○○  
 pH n/a ●○○○○  
 Size: 8 oz. liquid  
 Claims: No silicone, alcohol or petroleum. Contains pine pitch, pure mink oil.  
 Comments: Thick oil is somewhat difficult to apply but mink oil could clog pores in leather. Nice pine scent.  
 Contact: www.mtpitch-blend.com, (800) 728-0970

### Johnson's Premium Leather Lotion \$5.99

**Overall Score: 14.0**

Ease Of Use ●●●●○  
 Appearance ●●●○○  
 Ingredients ●●●○○  
 pH 7.55 ●●●●○  
 Size: 8 oz. liquid  
 Claims: Moisturizes/conditions. Polymer enhanced.  
 Comments: Easy to apply and smells great. Contains silicone which is not recommended and leaves leather quite slippery.  
 Contact: www.autoprode-tailproducts.com, (866) 500-3478

### Kiwi Mink Oil \$2.99

**Overall Score: 9.0**

Ease Of Use ●●○○○  
 Appearance ●●●●○  
 Ingredients ●●○○○  
 pH n/a ●○○○○  
 Size: 2.63 oz. paste  
 Claims: Conditions and waterproofs, contains mink oil, silicone and lanolin.  
 Surface appearance: 4  
 Comments: Very thick and hard to apply except on smooth surfaces. Silicone and mink oil can seal the leather, prevent breathing.  
 Contact: www.kiwicare.com

### Montana Pitch-Blend Dressing \$4.95

**Overall Score: 7.0**

Ease Of Use ●●○○○  
 Appearance ●●○○○  
 Ingredients ●●○○○  
 pH n/a ●○○○○  
 Size: 4 oz. paste  
 Claims: Contains pine pitch, pure mink oil and whole beeswax—no silicone, alcohol or petroleum.  
 Comments: Requires a lot of rubbing. Beeswax and mink oil could clog pores in leather. Nice pine scent.  
 Contact: www.mtpitch-blend.com, (800) 728-0970

### Neatsfoot Compound \$5.99

**Overall Score: 8.0**

Ease Of Use ●●●○○  
 Appearance ●●○○○  
 Ingredients ●●○○○  
 pH n/a ●○○○○  
 Size: 8 oz. liquid  
 Claims: Replaces oils lost in leather, prevents drying. Waterproofs and softens.  
 Comments: Thin oily liquid will likely cause clogging of pores in leather. Left leather very oily and slick

### Kiwi Saddle Soap \$2.99

**Overall Score: 9.0**

Ease Of Use ●●○○○  
 Appearance ●●●●○  
 Ingredients ●●○○○  
 pH n/a ●○○○○  
 Size: 3.125 oz. paste  
 Claims: Cleans and softens, contains fine soap, glycerin, lanolin and wax.  
 Comments: Thick paste was hard to apply except on smooth surfaces. Not labeled as pH adjusted and unable to test for actual pH.  
 Contact: www.kiwicare.com

### Lexol Conditioner/preservative \$5.95

**Overall Score: 20.0**

Ease Of Use ●●●●●  
 Appearance ●●●●●  
 Ingredients ●●●●●  
 pH 6.95 ●●●●●  
 Size: 6.75 oz. liquid  
 Claims: pH balanced, non-greasy, no solvents, non-flammable & odorless.  
 Comments: Easy to use and perfect pH balance make this a favorite. Also available in spray form.  
 Contact: www.arctic-wolfleather.com, (800) 913-2345

### Nikwax Aqueous Wax \$13.00

**Overall Score: 13.0**

Ease Of Use ●●●●○  
 Appearance ●●●●○  
 Ingredients ●●●●○  
 pH 4.62 ●○○○○  
 Size: 10 oz. liquid  
 Claims: Waterproofing but allows leather to breathe.  
 Comments: Applies easily with built-in applicator. Smells a bit like white glue. Most acidic material in this evaluation. Unable to evaluate breatheability claims.  
 Contact: www.nikwax-usa.com, (800) 335-0260

### Nikwax Leather Restorer \$13.00

**Overall Score: 13.0**

Ease Of Use ●●●●●  
 Appearance ●●●○○  
 Ingredients ●●●●○  
 pH 4.62 ●○○○○  
 Size: 10 oz. liquid  
 Claims: Water-based, restores suppleness and adds water repellency.  
 Comments: Sprays on easily and cures to a near natural finish. Unable to evaluate breatheability claims. It's also very acidic.  
 Contact: www.nikwax-usa.com, (800) 335-0260
