Every year, thousands of children are diagnosed with brain tumors. In fact, of all cancers, it is the leading cause of death in children. But you can do something about it. Join the 16,000 motorcyclist and volunteers who devote their time, money and energy to the Ride for Kids® program each year. It works to improve the lives of seriously ill children by raising funds for medical research.

The truth about bar-hopping.

It's a fact: Alcohol affects your riding skills—so ride straight. Riding a motorcycle takes coordination, balance and, most important, good judgment. Alcohol, more than any other single factor, can rob you of your ability to think clearly and ride safely. Ride Straight.
